Erratum

The published version of this paper contains the following errors:

Table 1 (Description of the method of general population sample selection per study):

- Column 'Number of subjects, N', row 'Schaeffner et al. [45]'; '570' should be '2072', accompanied by the following footnote: “CKD prevalence was only reported for subgroup (N = 570)”

Table 2 (Laboratory assessment of kidney function, CKD definition used and details on the reporting of CKD prevalence per study):

- Column 'Creatinine assay', row Schaeffner et al. [45]; 'Unclear' should be 'Enzymatic'
- Column 'IDMS', row 'Schaeffner et al. [45]'; 'Unclear' should be 'Yes'

The authors apologize for these errors.
